

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (currently amended): A multi-channel single-tube sealed container and applicator comprising:

a housing with a first end and a second end ~~two ends~~ wherein said housing encloses multiple channels each extending from said first end to said second end and each capable of containing a substance and is sealed on both ends and with a score formed at a predetermined distance from each end of the housing wherein the substances in each channel may be discharged through one end when the housing is broken open at the scores.

Claim 2 (original): A multi-channel single-tube sealed container and applicator as in claim 1, wherein each of the two ends of the housing is surrounded by a cotton swab.

Claim 3 (original): A multi-channel single-tube sealed container and applicator as in claim 2, wherein said cotton swab is rounded in shape.

Claim 4 (original): A multi-channel single-tube sealed container and applicator as in claim 2, wherein said cotton swab is pointed in shape.

Claim 5 (currently amended): A multi-channel single-tube sealed container and applicator comprising:

a housing with a first end and a second end ~~two ends~~ wherein said housing encloses multiple channels each extending from said first end to said second end and each
